Cotton Mather: Biblia Americana
America’s First Bible Commentary
A Synoptic Commentary on the Old and New Testaments

Scheduled to appear in ten volumes, this scholarly edition of Cotton Mather’s Biblia Americana (1693–1728) makes available for the first time the oldest comprehensive commentary on the Bible composed in British North America.

Combining encyclopedic discussions of biblical scholarship with scientific speculations and advice for practical piety, Biblia represents one of the most significant untapped sources in American religious and intellectual history. Mather’s commentary not only reflects the growing influence of Enlightenment thought (Descartes, Newton) and the rise of the transatlantic evangelical awakening; it also marks the beginning of historical criticism of the Bible as text in New England.

Within the framework of Reformed orthodoxy, the famous Puritan clergyman constructively responded to the most radical biblical critics of the period (Grotius, Hobbes, Spinoza, Simon), who had challenged the textual integrity and authority of the scriptures. Biblia engages a vast array of source-texts, from the Church Fathers, medieval and Reformation theologians, Rabbinic scholarship, ancient history and philosophy, to the cutting-edge philological and philosophical studies of the period. Moreover, Mather frequently includes discourses on specifically American topics such as Native American religions, culture, and medicines, captivity narratives, New World flora and fauna, African slavery, or evangelical activities. Edited by leading experts in the field, each volume contains a historical-contextual introduction, explanatory annotations, translations of the many Latin, Greek, and Hebrew quotations, as well as several indexes.

Volume 5: Proverbs – Jeremiah
edited by Jan Stievermann
Cotton Mather’s commentaries on Proverbs to Jeremiah are a treasure-trove for scholars interested in the development of Reformed theology and biblical interpretation during the early Enlightenment. The volume shows the struggle of exegetes in Mather’s generation to adjust traditional interpretations of the Old Testament to a growing awareness of the Scriptures’ historicity.

Volume 4: Ezra – Psalms
edited by Harry C. Maddux
Cotton Mather’s synoptic commentary on Ezra through the Psalms links biblical to secular history, analyzes the problem of suffering and evil in creation, and considers the Psalms both as Hebrew poetry and as Christian prophecy.
865p (Mohr Siebeck, December 2013) hardcover, 9783161529498, $225.00. Special Offer $113.00

Volume 3: Joshua – 2 Chronicles
edited by Kenneth P. Minkema
This volume contains some 1250 of Mather’s “illustrations,” as he called them, on the books of Joshua, Judges, Ruth, Samuel, Kings, and Chronicles. These entries reveal Mather as a sacred historian, marshaling an array of approaches and disciplines to illuminate and defend the Scripture accounts.
893p (Mohr Siebeck, November 2013) hardcover, 9783161524370, $255.00. Special Offer $128.00

Volume 1: Genesis
edited by Reiner Smolinski

Volume 1 is particularly valuable because Mather addresses some of the most hotly debated questions of his age: Are the six days of God’s creation to be taken literally? Can the geological record of the earth’s age be reconciled with biblical chronology? Were there men before Adam? Why are the religions of the ancient Canaanites, Egyptians, and Greeks so similar to the revealed religion of Moses? Did God dictate the Bible to his prophets?
