

The History and Archaeology of Jaffa 2

edited by Aaron A. Burke, Katherine Strange Burke and Martin Peilstöcker

DESCRIPTION:

Since 2007 the Jaffa Cultural Heritage Project has endeavored to bring to light the vast archaeological and historical record of the site of Jaffa in Israel. Continuing the effort begun with *The History and Archaeology of Jaffa 1*, this volume is a collection of independent studies and final reports on smaller excavations that do not require individual book-length treatments. These include overviews of archaeological research in Jaffa, historical and archaeological studies of Medieval and Ottoman Jaffa, reports on excavations by the Israel Antiquities Authority at both the Postal Compound between 2009 and 2011 and the Armenian Compound in 2006 and 2007, and studies of the excavations of Jacob Kaplan and Haya Ritter-Kaplan in Jaffa on behalf of the Israel Department of Antiquities and Museums from 1955 to 1974.
