

Bramiana

Salvaging Information from a Destroyed Minoan Settlement in Southeast Crete

edited by Vili Apostolakou, Philip Betancourt and Thomas Brogan

DESCRIPTION:

The Minoan site at Bramiana in southeastern Crete provides evidence for a Bronze Age economy based on trade, agriculture, and craftwork. This publication uses a new system of organizing the pottery by petrography-sorting it by materials and workshop practices-revealing a trade network of cooking pots and other clay vessels and their contents.
