

Three Middle English Charlemagne Romances

edited by Alan Lupack

DESCRIPTION:

This volume serves as an excellent introduction to the tradition of romances dealing with the matter of France—that is, Charlemagne and his Twelve Peers. Of the three groups of English Charlemagne romances, the Ferumbras group, the Otuel group, and detached romances, the editor has selected one of each: The Sultan of Babylon, The Siege of Milan, and The Tale of Ralph the Collier. This is a valuable introduction to Charlemagne romances and is accessible to beginners in Middle English because of contextualizing introductions and glosses for each text, as well as a helpful glossary.
