

## Europäischer Gottesdienstatlas / European Atlas of Liturgy

Protestantische Perspektiven auf den Gottesdienst / Protestant Perspectives on Worship Services

edited by Jochen Arnold and Adél Dávid

### DESCRIPTION:

Europe is growing together. What in political contexts is often only a pious hope may be experienced in many places in regard to worship service. The worship atlas of the Community of Protestant Churches in Europe (CPCE) provides a differentiated but comprehensive view on significant developments of the ecclesial landscape in liturgical matters.

This theological foundation contains contributions by experts from theory and practice coming from Austria, Denmark, Estonia, Italy, Scotland, Switzerland, and Germany. Denominational backgrounds and current challenges (for example multilingual services) become apparent. And successful celebrations are presented as for example alternative worship services and open concepts like the Church Night.
