

The Early Art of Coventry, Stratford-upon-Avon, Warwick, and Lesser Sites in Warwickshire

A Subject List of Extant and Lost Art Including Items Relevant to Early Drama

by Clifford Davidson and Jennifer Alexander

DESCRIPTION:

The study of the early art of England can be frustrating for scholars, as the destruction by iconoclasm and neglect was very thorough in certain regions. This volume seeks to aid those studying the early art, including relics and musical iconography, of Coventry, Stratford-upon-Avon, Warwick, and other Warwickshire locations. Accompanied by 71 illustrations and 2 maps, the subject lists found within provide information from records and antiquarian accounts that should prove invaluable in visualizing the dimensions of the iconography of both lost and extant early art from the region.
