

Grace and Incarnation

The Oxford Movement's Shaping of the Character of Modern Anglicanism

by Bruce D. Griffith and Jason R. Radcliff

DESCRIPTION:

The Oxford Movement was the beginning of a re-formation of Anglican theology, ministries, congregational and religious life revivals, and ritualism, with its theological basis a retrieval of the patristic and medieval eras, reconstructed around a deep christological incarnationalism. Does it merit its description by Eamon Duffy as the single most significant force in the formation of modern Anglicanism? In *Grace and Incarnation*, Bruce D. Griffith and Jason R. Radcliff explore this theological richness with unparalleled clarity. They interrogate the potential link between Robert Isaac Wilberforce and Charles Gore and the Liberal Catholics, and examine the interrelation between Tractarian theology and the rise of what was to become 'modernism', with its new canons of authentication. In doing so, they not only offer a mirror to the past, but shed new light on what Anglicanism today.

TABLE OF CONTENTS:

Prologue: The Oxford Movement's Context in Church History, by Jason Radcliff
Introduction
1. Justification, Sanctification, and Regeneration: The Revival of Dispute
2. Edward Bouverie Pusey: The Reality of Sacramental Grace
